Report on Far East Trip

1. The Chairman reported on the briefings and discussions in Hawaii and Japan.

2. Colonel Macia proposed, and the ARC members agreed, that it would be useful for AFCIN (Colonel Kemp) to meet with representatives of Army, Navy, and CIA (HTAUTOMAT) to canvass fully problems and developments in the various URPIC centers and to report as appropriate to the ARC from time to time. The Chairman requested each of those noted above to inform Colonel Kemp who would be the representative from his agency and that the initiative for getting together would be left with Colonel Kemp.

Deactivation of URPIC-1   50X1

     5.   It was agreed that in view of current conditions in the Middle East rapid reporting on Middle East photography was not essential and that, accordingly, the Air Force should be advised that there is no objection to putting URPIC-1 in stand-by condition subject, of course, to reactivation if emergency arises. Meanwhile, Middle East photography will be processed at URPIC-W.

Middle East Coverage

     6.   No requirements for Middle East missions will be submitted until such time as one of the members urges coverage, at which time all will be consulted prior to a recommendation to the Project.
